

April 2021 BOH report

COVID-19 vaccination

- As of 4/28/21, the Lowell Health Department has administered about 8,755 doses of COVID-19 vaccine at the Lowell Senior Center clinic, which is staffed by Health Department employees, iParametrics staff contracted through the city's Emergency Management Department, and MRC volunteers.
- An additional 1200 doses have been administered at the City's mobile clinics, run in partnership through a state contract with Yankee Line and Purple Shield Medical.
 - 4/12/21 Robinson School, Centerville
 - 4/19/21 Igreja Assembleia de Deus Missao, Highlands
 - 4/26/21 UMass Lowell Inn & Conference Center, Downtown
 - 5/3/21 40 Old Ferry Lodge (formerly Elks Lodge), Pawtucketville
 - 5/8/21 Shaughnessy School, South Lowell
- The Health Department has distributed 420 doses to Lowell General Hospital, which were administered to Lowell residents at their Regional Vaccination Site.
- The Health Department has also distributed 168 doses to Westminster Village to vaccinate low-income senior housing residents
- Each week, the Health Department is currently receiving our maximum weekly allotment of 800 doses of vaccine through the state's Vaccine Equity Initiative.
- Currently, residents may register for appointments online (lowellma.gov/lowellvax and lowellma.gov/mobilevax) or by calling 978-228-3019. Interpretation services are available.

Communicable disease

- As of 4/29/21 at 12pm, 1,480 probable and confirmed reportable disease events have been report through MAVEN for the city of Lowell in the month of April 2021. 1,433 of these events are probable or confirmed cases of COVID-19.
